

Prod Nr

10021

Prod Name

HeavyRam

HS code

8205598000

Nato Stock Number

NSN: 0000000000000

General Information

- This is our most powerful striking tool that is used for rapid entry through inward opening wooden doors and some metal doors. The HeavyRam weighs 23 kg and is designed for one, two or three operators.
- The HeavyRam has been carefully tested to ensure the weight of the Ram delivers maximum impact energy. Unlike other tools on the market it is designed to have the balance centered between the handles, which ensures Maximum efficiency and ensures proper balance and less strain on the operator.
- The 360 (degrees) handles are designed to offer the ability for the operator(s) to strike the low, middle or high point of the door dependant on where the locking point is located.
- As with all of our Rams, the striking head is formed like a hammerhead i.e. the head is convex. This means that unlike other striking tools the blow does not need to be perpendicular to give the maximum effect.

Product dimension & extras

- Width: 1050 mm
- Depth: 350 mm
- Height: 250 mm
- Weight: 23 kg

Package dimension

- Width: 355 mm
- Depth: 235 mm
- Height: 1090 mm
- Weight: 0 kg
