

Prod Nr

50335

Prod Name

Break'n Rake Extended

HS code

8205598000

Nato Stock Number

NSN: 0000000000000

General Information

- The Gryphon Break'n Rake is the only glass tool on the market made for breaching both traditional windows and laminated safety glass.
- The special design of the tool head allows the tool to easily penetrate all types of glass. Once penetration of the glass is achieved, the elongated teeth and the "D" Ring shaped rubber grip handle allows the operator to create openings in laminated security glass quickly and efficiently.
- Both standard and Extended length Break'n Rakes are available.
- The Extended Break'n Rake offers greater reach, offering enhanced cover and protection for the operator.

Product dimension & extras

- Width: 1780 mm
- Depth: 0 mm
- Height: 0 mm
- Weight: 4 kg

Package dimension

- Width: 0000 mm
- Depth: 000 mm
- Height: 0000 mm
- Weight: 000 kg
